You will not find Quakers on brand-new cars-the demand from Morris, to pull the star toper of the car owners leaves no Quaker Tires to be sold to car makers.

Take the short cut to cheaper mileage-equip with Quakers. Anyhow, try one Quaker; your next three tires will be Quaker Tires.

### 3 A Little Cotton Thread Cotton fabric is the framework of a tire. Take the fabric out of a tire and it would collapse - just as a skyscraper would become a mis-shapen mass if the steel beams and girders were removed. This little cotton thread, with hundreds of others like it, make up the cotton fabric that is the back-bone of all tires. These cotton strands used in making tires are wonderfully strong only when all of their natural vegetable was and oil which nature has

are vulcanized or "cooked" by an exclusive process, by which all this wax and oil are retained. The cotton remains just as strong as nature intended.

The terrific heat commonly used by others chars and drives out this natural wax and oil, taking the strength and the "fight" out of it. Try a Miller Tire and see for yourself just how much this exclusive Miller process adds to
